

MOBILE UNITS CREATE SMALL FOOTPRINT

Our Mobile Units keep your company from EXPOSURE to:

- All deliveries of grit, paint and supplies to your site
- Unloading of all deliveries, storage and inventory
- Refueling of trucks and compressors onsite
- Disposal of paint waste onsite
- Pallet returns and disposal of trash
- Employee parking and safety training
- Equipment repair, testing and clean-up
- Down time due to moving equipment and supplies from one location to another
- No scaffolding, insulation, or paint storage on your site
- Supplying filtered water and ice

Note: We will travel to any location in the country and can setup a mobile work site to perform painting, insulation and scaffolding services. If you're within a 50 mile radius of our Baytown office, you can qualify for our turnkey mobile services.

Daily reports show all equipment, supplies, materials and labor per day which gives you a true daily/project cost. All cost estimates, purchasing and job tracking are supplied on each project.

We can supply mobile units that complete:

- Abrasive blasting and painting
- Scaffolding
- Underground tapes and field applied coatings
- Fireproofing
- Moisture cure coatings
- Containment
- Bio-blast cleaning
- Thermal insulation coatings
- Conventional Insulation
- Cold tar, zinc, epoxy, & urethanes
